ATS Automation Awarded Order Booking to Enable Rapid Scale-Up of COVID-19 Test Kit Manufacturing

Cambridge, Ontario (April 21, 2020) ATS Automation Tooling Systems Inc. (TSX: ATA), an industry-leading automation solutions provider (“ATS” or the “Company”), today announced it has received a \$65 million Order Booking from Tessy Plastics to design, build and deliver two automated manufacturing systems within the next four months. The program is expected to enable the production of 10 million units per month of critical components for point-of-care testing kits that can be used to detect COVID-19.

“Our teams have been hyper-focused on helping manufacturers address the critical need for medical equipment brought on by the COVID-19 pandemic,” said Andrew Hider, Chief Executive Officer of ATS. “ATS’ involvement in this critical program for Tessy Plastics brings forward our significant capabilities in life sciences coupled with our ability to quickly enable manufacturers to scale production at the highest levels of quality demanded in the medical device industry. I am very proud of the way our teams have optimized resourcing across the ATS global footprint to meet an aggressive delivery schedule that will quickly bring these urgently-needed test kits to the medical community.”
